Dear Dr. Shafiqur Rahman,

Assalamu alaikum. Many thanks for the invitation.

Please find a photo (sending though it was taken a few years ago).

I have few possible topics for the said keynote address, as follows:

1. Publishing in High Impact Journals
2. Theory of Priority: What, Why, How and Where (alternative title: Priority Theory and Management: An Exposition through the AHP)
3. Thesis Writing and Final Viva: Winning Examiner's Heart
4. Time Management and Research (alternative title: Management of Time: An Eternal Reality)

Kindly advise on the topic and also how much time available to deliver the talk including Q and A.

Thank you, again.

With best regards

Rafik
