Bridging Science & Communities Through Ocean Sustainability

The Ocean Pollution and Ecotoxicology Symposium (OPECS) is the first symposium organized by Ocean Pollution and Ecotoxicology (OPEC) Research Group and co-organized by Ocean Science and Sustainable Environment, UMT. This symposium provides a platform for all scientists around the world to share knowledge and findings on issues related to ocean pollution and ecosystems through sustainable science.

Session :

1. Marine Pollution
2. Marine Technology
3. Air Pollution
4. Microplastics
5. Ocean Biology and Food Safety
6. Law Management and Policy

Total Presenter :
37 Oral Presenter

Total Participant :
103 Participants through WebEX Cisco platform
