## INVITATION

To whom it may concern,

Organized by ZHU, Reed Sinopharm Exhibitions, Hospital Build and Equipment Branch of China Association of Medical Equipment and Z&R Exhibitions alongside many established agencies, in response to the Healthy China strategy, the 24<sup>th</sup> China Hospital Construction Conference & International Hospital Build and Infrastructure Exposition (CHCC 2023) will take place from June 17 to 19, 2023 at the Western China International Expo City, Chengdu.

When enhancing competitiveness for quality development, all industry players, aiming to build a new top hospital build ecosystem that stimulates future innovation and growth amid the common opportunities and challenges. That ecosystem, however, demands thinking out of the box, reaching a consensus in development, and finding new collaborative ways, as well as exploring innovation in hospital systems and mechanisms, knowledge systems, industrial development, and technology. While "Together for the Future, to Create a Better Hospital Build Ecosystem", the conference gathers all from the industry to share insights into innovation and build the future.

The conference will run alongside the 7<sup>th</sup>China's Smart Hospital Conference, the 6<sup>th</sup> Medical Engineering Development and Innovation Conference, The 5<sup>th</sup> National Medical Care & Senior Service Organizations Construction and Development Conference, the 5<sup>th</sup> China's Hospital Build and Development Entrepreneurs at New Era Summit, and the China Hospital Discipline Development Conference. Apart from more than 100 forums in different fields, CHCC 2023 will feature multi-dimensional discussions with over 10,000 industry leaders, top experts, scholars, and senior managers from home and abroad on strategic development, industrial upgrading, discipline development, planning and design, equipment, project management, technological innovation, smart operation and maintenance, and other topics. The 24<sup>th</sup> International Hospital Build and Infrastructure Exposition will include 15 exhibition zones and a 140,000-square-meter showroom for the coordinated development of the whole industry value chain engaging the government, the industry, universities, researchers, and users.

We look forward to meeting you at this annual event. Let's work together to create a great future for hospital build.

## ORGANIZATION

### Guided by

- China Medical Equipment Association
- China Medical Construction Integration Alliance

### Hosted by

- Zhu Yi Tai
- Reed Sinopharm Exhibitions
- Hospital Building and Equipment Branch of China Medical Equipment Association
- Z&R Exhibitions

### Co-hosted by

- Medical Clean Equipment and Engineering Branch of China Association of Medical Equipment
- West China Hospital of Sichuan University
- West 2nd China Hospital of Sichuan University
- Sichuan Academy of Medical Sciences & Sichuan Provincial People's Hospital
- “China Medical Equipment” Magazine

### Chief Strategic Partner

- HUA KANG CENTURY

### Strategic Cooperator

- WEGO PANASIA GROUP
- Zhengyu Hengxin Group Co., Ltd.

### Supported by

- Midea Group
- Shanghai Installation Engineering Group Co., Ltd.
- Shandong Shinva Medical Instrument Co., Ltd.
- WALTZ MEDICAL
- Guangdong Shenling Environment System Co., Ltd.
- ENVAC Environment Technology (Shanghai) Co., Ltd.
- Noah Hospital Logistics Robot
- Suzhou Depin Medical Technology Co., Ltd.
- Shandong Yahua Electronics Co., Ltd.
- Beian Keyi (Beijing) Technology Co., Ltd.
- China Construction First Engineering Bureau
- Guangzhou Zhishen Guanmei Furniture Co., Ltd.

## Industry partners

- Interior Design Branch of Architectural Society of China
- Smart Hospital Branch of China Association of Medical Equipment
- Medical Gas Equipment and Engineering Branch of China Association of Medical Equipment
- Maternal and Child Medical Equipment and Technology Professional Committee of China Association of Medical Equipment
- Hospital Special Engineering Research and Exhibition Office of Hospital Building and Equipment Branch of China Association of Medical Equipment
- Medical Gas Equipment and Engineering Branch of China Gas Association
- EMCA of China Energy Conservation Association
- Static Transportation Industry Branch of China Communications and Transportation Association
- Prefabricated Building and Green Development Branch of China Building Materials Industry Economics Research Society
- Ceiling Materials Branch of China Association of Decorative Building Materials
- Resilient Flooring Branch of China Association of Decorative Building Materials
- Medical And Nursing Care Branch of China Association of Social Welfare and Elderly Service
- China Medical Construction Infrastructure Office (Department) Chief Alliance
- China Alliance of Women in Hospital Construction
- Beijing Hospital Building Association
- Shanghai Laboratory Equipment Association
- Hospital Branch of Shanghai Energy Conservation Engineering Technology Association
- Special Committee of Hospital Building and Planning Management of Jiangsu Provincial Hospital Association
- Special Committee of Logistics Management of Jiangsu Provincial Hospital Association
- Special Committee of Hospital Building Management of Guangdong Provincial Hospital Association
- Special Committee of Hospital Information of Guangdong Provincial Hospital Association
- Special Committee of Hospital Logistics Management of Guangdong Provincial Hospital Association
- Modern Medical Building Management Branch of Guangdong Provincial Medical Industry Association
- Guangdong Association of Laboratory Design and Construction Technology
- Building Branch of Fujian Provincial Hospital Association
- Jiangxi Province Society of Hospital Construction and Equipment
- Hainan Health Economics Society
- Special Committee of Purification of Guangxi Provincial Refrigeration Society
- Special Committee of Logistics Management of Shandong Provincial Hospital Association
- Logistics Infrastructure Management Branch of Shandong Provincial Health Management Association
- Hebei Medical Architecture Society
- Hebei Medical Construction Integration Alliance
- Hospital Logistics Management Development Branch of Shaanxi Health Industry Supervision Association
- Intelligent Branch of Shanxi Hospital Association
- Special Committee of Logistics Management of Gansu Provincial Hospital Association
- Special Committee of Building and Equipment of Shenzhen Hospital Administrators Association
- Shenzhen Association of Clean Industry
- Shenzhen Association of HVAC & Purification Industry
- Shenzhen Association of Health Information
- Special Committee of Smart Hospital Information Equipment and Logistics Construction of Shenzhen Association of Health Information
- Special Committee of Health Transport Capacity of Shenzhen Association of Hospital Managers
- Shenzhen Association of Infection Prevention And Control and Occupational Protection of Shenzhen Association of Hospital Managers
- Nanjing Health System logistics Management Association
- Institute of Health Engineering Management, Binzhou Medical College

## THEME

### Together for the Future, to Create a Better Hospital Build Ecosystem

## ABOUT THE THEME

The industry should create an innovative knowledge system and industrial system, and build a complete ecosystem for better hospital build and development with win-win cooperation facing the opportunities and challenges during the 14th Five-Year Plan. However, building a future ecosystem needs the industry's collaborative work that seeks innovation in hospital systems and mechanisms, knowledge systems, industrial development, and technology. "Together for the Future, to Create a Better Hospital Build Ecosystem", the conference joins hands with the government, the industry, universities, researchers and users to explore multiple perspectives of and build a dynamic better hospital build ecosystem.

## DATE AND VENUE

Date: June 17-19, 2023

Venue: Western China International Expo City, Chengdu

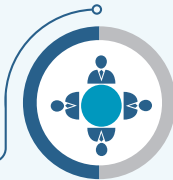

## STRUCTURE

### Forum in one Chart

**Wide-range** | A full knowledge system covering the entire hospital build processes  
**High-level** | Leading academic topics in hospital build  
**In-depth** | Insightful analysis of hospital build sectors

### Six Concurrent Conferences

The 24<sup>th</sup> National Hospital Build Conference  
 The 7<sup>th</sup> China Smart Hospital Conference  
 The 6<sup>th</sup> Medical Engineering Development and Innovation Conference  
 The 5<sup>th</sup> National Medical Care & Senior Service Organizations Construction and Development Conference  
 The 5<sup>th</sup> China's Hospital Build and Development Entrepreneurs at New Era Summit  
 China Hospital Discipline Development Conference

### Three activities

CHCC2023  
 China Hospital Construction Conference Awards  
 Industry Activities  
 Hospital Visits

### Six Dimensions

Offer solutions for modern hospital build and development from a global perspective, covering strategic development, industrial upgrading, discipline development, infrastructure construction, hospital management and smart operation

### Ten Hot Topics

Strategy and system development, operation and discipline development, innovation in design and environment, innovation in project management and mode, special engineering and technology innovation, equipment and innovative management, smart hospital and service, innovation in specialty development and build, innovation in the non-government-run medical organization, innovation in healthcare and nursing institution

## HIGHLIGHTS

### Global Perspective

#### Jointly creating a new development pattern for global hospital build

From a global perspective, CHCC will continue to promote in-depth international communications between academics and practices. By introducing state-of-the-art ideas and approaches of the world and promoting Chinese wisdom and solutions abroad, the conference will create a new development pattern for global hospital build.

### Ecosystem Development

#### Comprehensively building an innovative ecosystem

Better hospital build needs comprehensive support from the entire ecosystem. This conference focuses on ecosystem development, comprehensively promoting better hospital build and development by systematically improving the elements of all players, innovating ways of coordinated development, and building a new ecosystem.

### Knowledge Integration

#### Completely presenting a knowledge system of better hospital build

Better hospital build needs a complete and innovative knowledge system. Featuring more than one hundred professional forums and 140,000 square meters of exhibition space, this conference will cover the entire knowledge system from strategic development, industrial upgrading, discipline development, planning and design, equipment, project management, technical innovation, smart operation and maintenance, to complete solutions of products and technologies, meeting all your needs in one stop.

### Platform Empowerment

#### Making full use of the platform to connect multiple resources and empower the industry

CHCC has been organized for 24 years, boasting an average annual growth of 30%. It fully demonstrates the combination between academics and the industry and remains one of the top branded activities in the global hospital build industry. This year, CHCC features customized forums and concurrent activities engaging more industry organizations, local resources and high-quality advanced specialized enterprises, and building an ecosystem for discussion, sharing, and win-win progress.

### Trendsetting

#### Setting a new trend of better hospital build and high-quality development

The hospital sector in China is pursuing better hospital build as required by high quality development in the new era. This conference focuses on better hospital build with insights into future trends, and pooling global wisdom to set new trends.

### Industrial Upgrading

#### Building a new healthcare industry pattern

In the new era of better hospital build, China's medical building and equipment gains a fast pace toward innovative upgrading and high-quality development. The conference will accurately match the sector with demand, systematically integrating the industry to build an innovation platform, and jointly creating a new transformation and upgrading in the healthcare industry through extensive exchanges, effective connections, deep fusions, and integrated innovations.

### Multidimensional Circle

#### Working together to build a multi-dimensional circle

CHCC 2023 is a great stage for the industry. It gathers tens of thousands of industry peers to form a multi-type, multi-field and multi-level circle where each participant can quickly fit in, talk with professionals and grow with the industry.

### Expanding the Market to Grow Explosively

#### Focusing on the trends for high growth in the new era

Better hospital build in the new era will certainly drive huge demand and new industrial patterns. This conference will become an important matchmaking platform for supplies and demands and a critical engine for industrial innovation and development. Located in Chengdu, a major economic center in the west of China, the conference leads the trends and demands nationwide, and explosively expands the high-growth market in the western region.

## KEYNOTE FORUM

### The 24<sup>th</sup> China Hospital Construction Conference

<b>Strategic Development</b>	<ul style="list-style-type: none"> <li>▶ China Health Policy Change and Healthy China Action Summit</li> <li>▶ Academician's Forum on Medical and Health Service Innovation and Development and Better Hospital Build During the 14<sup>th</sup> Five-Year Plan (a concurrent forum of the 7<sup>th</sup> China Smart Hospital Conference)</li> <li>▶ International Health Service System Development Forum</li> <li>▶ The 5<sup>th</sup> "Belt and Road" Hospital Build and Development Summit</li> <li>▶ Frontier Forum on the Concept and Direction of Better Hospital Build</li> </ul>
<b>System Innovation</b>	<ul style="list-style-type: none"> <li>▶ President's Summit Forum on National Large Hospitals' High-quality Development</li> <li>▶ Comprehensive Forum on High-Quality Development and Build Innovation of Public Hospitals During the 14<sup>th</sup> Five-Year Plan</li> <li>▶ Forum on Large Hospitals' Multi-Campus Planning, Construction and Innovation</li> </ul>
<b>Industrial Upgrading</b>	<ul style="list-style-type: none"> <li>▶ The 5<sup>th</sup> Summit on China's Hospital Build and Development Entrepreneurs at New Era</li> <li>▶ The 11<sup>th</sup> Summit Forum on China Health Industry Development and Innovation (a concurrent forum of the 5<sup>th</sup> Healthcare and Nursing Organization Build and Development Conference)</li> <li>▶ The 7<sup>th</sup> International Hospital Build and High-end Medical Service Development Forum</li> </ul>
<b>Mode Innovation</b>	<ul style="list-style-type: none"> <li>▶ Forum on Full Process Consultation and Innovation Management in Hospital Build Projects</li> <li>▶ Special Forum on Innovation in General Contracting Mode in Hospital Build Projects</li> </ul>
<b>County-based Hospitals</b>	<ul style="list-style-type: none"> <li>▶ Special Forum on High-Quality Build and Development in County-based Hospitals and Compact Medical Communities in the New Era</li> <li>▶ Special Forum on the Five Center Development and Service Improvement in County-based Hospitals</li> </ul>
<b>Public Health</b>	<ul style="list-style-type: none"> <li>▶ Public Health Emergency System Build Forum</li> <li>▶ Forum on Hospital's Infection Control and Space Planning and Design at the New Era</li> </ul>
<b>Non Government-Run Medical Organization</b>	<ul style="list-style-type: none"> <li>▶ Leader's Summit on Innovation in State-Owned Medical Organizations and Non Government-Run Medical Organizations</li> <li>▶ Forum on Investment and Innovation in Non Government-Run Medical Organization</li> </ul>
<b>Rehabilitation Hospitals</b>	<ul style="list-style-type: none"> <li>▶ Comprehensive Forum for Rehabilitation Hospital's High-Quality Development</li> <li>▶ Special Forum on Rehabilitation Hospital's Planning, Design and Innovative Build</li> </ul>
<b>TCM Hospitals</b>	<ul style="list-style-type: none"> <li>▶ Comprehensive Forum on TCM Hospital's Tradition, Innovation and High-quality Development</li> <li>▶ Special Forum on TCM Hospital's Planning, Design and Innovative Build</li> </ul>
<b>Maternal and Child Health Care Organizations</b>	<ul style="list-style-type: none"> <li>▶ Comprehensive Forum on the High-quality Development of Maternal and Child Health Care Organizations</li> <li>▶ Forum on High-quality Build of Maternal and Child Health Care Organizations</li> </ul>

### Speciality Development

- ▶ Special Forum on Tumor Hospital Build and Development
- ▶ Special Forum on the Building and Development of Hospitals for Infectious Diseases
- ▶ Comprehensive Forum on Emergency Treatment System Planning and Five Centers Building

### Frontier Design

- ▶ The 12<sup>th</sup> Sino-Foreign Hospital Architect Summit Forum - Europe and Americas
- ▶ The 12<sup>th</sup> Sino-Foreign Hospital Architect Summit Forum - Asia
- ▶ Practice Forum of Modern Hospital Planning and Business Design Innovation
- ▶ Special Forum on Hospital Discipline Planning and Medical Process Design
- ▶ Seminar on Classic Architectural Design for Hospitals

### Interior Design

- ▶ International Summit Forum of China Hospital Interior Designers
- ▶ Special Forum on Hospital Art Design and Interior Furnishing
- ▶ Special Forum on Hospital Decoration and Material Application

### Smart Hospitals

- ▶ Smart Hospital Planning, Design and Build Forum  
(a concurrent forum of the 7<sup>th</sup> China Smart Hospital Conference)
- ▶ Special Forum on Informatization in Smart Hospitals  
(a concurrent forum of the 7<sup>th</sup> China Smart Hospital Conference)

### Green Hospitals

- ▶ Comprehensive Forum on Green Hospital Design and Build
- ▶ Forum on Energy-saving Reconstruction and Efficient Operation at Current Hospital Buildings
- ▶ Forum on Hospital's Energy Planning and Smart Operation

### Humanity-focused Hospitals

- ▶ Forum on Accessible Hospital Build and Elderly-oriented Renovation  
(a concurrent forum of the 5<sup>th</sup> Healthcare and Nursing Organization Build and Development Conference)

### Special Engineering

- ▶ Comprehensive Forum on Innovation and Management of the Modern Surgery Department
- ▶ Frontier Forum on Innovation and Development of the Smart Surgery Department
- ▶ Special Forum on the Building of Smart Wards and Special Wards
- ▶ Special Forum on the Building of the Medical Gas Supply System
- ▶ Special Forum on the Building of the Hospital Logistics System

### Electromechanical Systems

- ▶ Special Forum on the Building of the Hospital's Water System
- ▶ Special Forum on the Building of the Hospital's Electrical and Intelligent Systems
- ▶ Special Forum on the Building of the Hospital's HVAC System

### Medical Technology

- ▶ Special Forum on the Planning, Building and Management of the Imaging Center  
(a concurrent forum of the 6<sup>th</sup> Medical Engineering Development and Innovation Conference)
- ▶ Special Forum on the Planning, Building and Management of Isotopic Laboratories  
(a concurrent forum of the 6<sup>th</sup> Medical Engineering Development and Innovation Conference)
- ▶ Special Forum on the Planning, Building and Management of an Endoscope Center
- ▶ Special Forum on the Building and Management of a Washing and Disinfection Supply Center
- ▶ Special Forum on the Building and Management of a Intravenous Fluid Service Center

<p><b>Medical Laboratories</b></p>	<ul style="list-style-type: none"> <li>▶ Summit Forum on China's Medical Laboratory Build and Development</li> <li>▶ Special Forum on the Building and Equipment of Laboratory Centers (a concurrent forum of the 6<sup>th</sup> Medical Engineering Development and Innovation Conference)</li> <li>▶ Special Forum on the Building and Equipment of Pathology Centers (a concurrent forum of the 6<sup>th</sup> Medical Engineering Development and Innovation Conference)</li> </ul>
<p><b>Project Management</b></p>	<ul style="list-style-type: none"> <li>▶ Comprehensive Forum on Innovation Management of Basic Hospital Construction Projects</li> <li>▶ Special Forum on Design Management of Hospital Construction Projects</li> <li>▶ Special Forum on Bidding and Procurement Management of Hospital Construction Projects</li> <li>▶ Special Forum on Investment and Finance Management of Hospital Construction Projects</li> <li>▶ Special Forum on Integrity Management of Hospital Construction Projects</li> </ul>
<p><b>Technological Innovation</b></p>	<ul style="list-style-type: none"> <li>▶ Forum on Innovation in Intelligent Hospital Construction and Building Technology and Innovative Application of Prefabricated Technology</li> <li>▶ Forum on Smart Innovation Technology and Comprehensive Application in Hospitals (a concurrent forum of the 7<sup>th</sup> China Smart Hospital Conference)</li> </ul>
<p><b>Renovation and Improvement</b></p>	<ul style="list-style-type: none"> <li>▶ Special Forum on Renovation and Improvement of Current Hospital Buildings</li> <li>▶ Special Forum on Renovation and Improvement of Current Hospital Information Systems (a concurrent forum of the 7<sup>th</sup> China Smart Hospital Conference)</li> </ul>

<p><b>Regional</b></p>	<ul style="list-style-type: none"> <li>▶ Special Forum on Medical Service System's High-Quality Development and Investment in Hospital Construction in Different Regions during the 14<sup>th</sup> Five-Year Plan</li> </ul>

## The 7<sup>th</sup> China Smart Hospital Conference

### Policies and Trends

- ▶ Global Smart Hospital Development Summit
- ▶ Forum on Medical and Health Service Innovation and Better Hospital Build

### Planning and Construction

- ▶ Forum on Systematized Top-Level Design of Smart Hospitals
- ▶ Smart Hospital Planning, Design and Construction Forum
- ▶ Special Forum on Informatization of Smart Hospitals
- ▶ Special Forum on Transformation and Upgrading of the Current Hospital Information System

### Innovation and Application

- ▶ Forum on the Comprehensive Application of Smart Hospital Innovation Technology

### Operation and Management

- ▶ Comprehensive Forum on the Improvement of Smart Operation and Management
- ▶ Special Forum on the Building and Integrated Management of Intelligent Logistics Platforms
- ▶ Special Forum on Modern Smart Hospital Brand Building and Communication Strategies
- ▶ Forum on Sophisticated Management of the Hospital Supply Chain

## The 6<sup>th</sup> Medical Engineering Development and Innovation Conference

### Policies and Guidelines

- ▶ The 6<sup>th</sup> Medical Engineering Development and Innovation Summit
- ▶ The 2<sup>nd</sup> Medical and Industrial Innovation and Development Forum

### Discipline Development

- ▶ The 2<sup>nd</sup> Forum on Hospital Medical Engineering Discipline Build and Development

### Planning and Construction

- ▶ The 9<sup>th</sup> Comprehensive Forum on Medical Equipment Planning and Operation Management of Newly-built Hospitals
- ▶ Special Forum on the Building and Equipment of Hospital Inspection Centers
- ▶ Special Forum on the Building and Equipment of Laboratory Centers
- ▶ Special Forum on the Planning, Construction and Management of Imaging Centers
- ▶ Special Forum on the Planning, Construction and Management of Isotopic Laboratories

### Innovation and Management

- ▶ The 2<sup>nd</sup> Forum on the Intelligent Management of Medical Equipment
- ▶ Forum on Innovation Management of Medical Consumables

## The 5<sup>th</sup> National Medical Care & Senior Service Organizations Construction and Development Conference

### Policies and Guidelines

- ▶ Summit Forum on the Building and Development of Healthcare and Nursing Organizations
- ▶ The 11<sup>th</sup> China Health Industry Development and Innovation Summit Forum

### Planning and Construction

- ▶ Forum on the Innovation and Advanced Practice of Healthcare and Nursing Models
- ▶ Special Forum on Medical and Nursing Organization Planning and Space Design
- ▶ Forum on Accessible Hospital Build and Elderly-oriented Renovation
- ▶ Comprehensive Forum for Rehabilitation Hospital's High-Quality Development

### Smart Application

- ▶ Special Forum on the Building and Innovative Application of Smart Healthcare and Nursing Organizations

### Capability Upgrading

- ▶ Forum on the Sophisticated Management and Service Improvement of Smart Healthcare and Nursing Organizations

## The 5<sup>th</sup> Summit on China's Hospital Build and Development Entrepreneurs at New Era

### Policies and the Environment

- ▶ Interpreting policies and the economic environment of the new development pattern

### Industrial Dynamics

- ▶ Focusing on hot industrial topics and viewing industrial dynamics from multiple perspectives

### Opportunities in the Market

- ▶ Deeply analyzing opportunities in the domestic and international market

### Steering the Future

- ▶ Targeting future strategic direction and helping enterprises develop with high quality

## CHCC2023 CHINA HOSPITAL CONSTRUCTION CONFERENCE AWARDS CEREMONY

The CHCC organizing committee, ZHU and Z&R Exhibitions, together with leading media and universities, started the China Hospital Construction Conference Awards in 2013 to acknowledge and encourage the best practitioners in hospital build, and motivate hospital construction workers, suppliers, researchers and scholars to build a Healthy China, promoting high-quality development of public hospitals, and establishing Better Hospitals. With an improved selection system and implementation plan over the past 10 years, the China Hospital Construction Conference Awards are among the most influential and recognized awards in China's medical and health care industry.

The China Hospital Construction Conference Awards were renamed as the CHCC China Hospital Construction Conference Awards in 2021, following the requirements of the national evaluation and recognition group, and combined with the CHCC, the largest and most influential annual hospital construction event in the world. The CHCC China Hospital Construction Award follows the principle of "responsibility, respect, value and guidance" and selects candidates openly, fairly and impartially. There are 14 awards, including the Design Scheme Award, the Design Figure Award, the Hospital Project Award, the Hospital Figure Award, the Enterprise Figure Award, the Academic Paper Award, the Special Supplier Award, and the Lifetime Achievement Award. The awards reflect the positive attitudes, innovative achievements and rich experience of Chinese hospital construction practitioners from all stages, enhancing infrastructure construction and logistics management in all kinds of hospitals for the high-quality hospital build.

*Major Sponsors:* the Organizing Committee of the 24<sup>th</sup> CHCC, ZHU, Z&R Exhibitions, Beijing University of Civil Engineering and Architecture

*Other Sponsors:* School of Architecture of Southeast University, School of Architecture of the South China University of Technology, School of Architecture and Urban Planning of Chongqing University, School of Architecture of Harbin Institute of Technology, School of Architecture of Xi'an University of Architecture and Technology

- ① Top Paper of the 24<sup>th</sup> CHCC
- ② The 8<sup>th</sup> China's Top Ten Hospital Design Scheme
- ③ The 5<sup>th</sup> China's Top Ten Hospital Interior Design Scheme
- ④ The 6<sup>th</sup> China's Most Beautiful Hospital
- ⑤ The 10<sup>th</sup> China's Hospital Infrastructure and Logistics Manager
- ⑥ The 8<sup>th</sup> China's Top Ten Hospital Designers
- ⑦ The 8<sup>th</sup> China's Top Ten Hospital Interior Designers
- ⑧ The 7<sup>th</sup> China's Top Ten Hospital Construction Mechanical and Electrical Engineers
- ⑨ The 11<sup>th</sup> China's Top Ten Hospital Construction Suppliers
- ⑩ The 4<sup>th</sup> China's Outstanding Enterprise Leader in Hospital Construction
- ⑪ The 2<sup>nd</sup> China Medical Building User Experience Award
- ⑫ The 2<sup>nd</sup> International Excellent Medical Building Design Award
- ⑬ The 1<sup>st</sup> China Hospital Design Leader
- ⑭ The Lifetime Achievement Award of the 2023 CHCC China Hospital Construction Conference Awards

## INDUSTRY ACTIVITIES

- ① The General Committee of the Hospital Build and Equipment Branch of the China Association of Medical Equipment
- ② The 2023 Editorial Board of China Medical Equipment
- ③ The Full Committee/Standing Committee of the Smart Hospital Branch of the China Association of Medical Equipment (pending)
- ④ The Editorial Committee of the Annual Report on the Development of Smart Hospitals in China (pending)
- ⑤ Free consultation from ZHU experts
- ⑥ Exhibition of monographs on hospital management in China
- ⑦ ZHU book launch 2023
- ⑧ Building in Culture - salon for medical construction standards, papers and monographs

## CONCURRENT EXHIBITIONS

### The 24<sup>th</sup> International Hospital Build and Infrastructure Exposition

The 24th International Hospital Build and Infrastructure Exposition, the world's first exhibition on hospital build, continues to present a high-quality supplier system and fully covers the full process of hospital build system solutions since its launch. In 2023, CHCC will meet the needs of the global hospital build industry by increasing the exhibition area again, with 140,000 square meters innovatively arranged in 15 exhibition zones covering the whole process of hospital build and procurement, offering learning, exchange, and procurement resources for hospital builders. There will be 800 high-quality suppliers showcasing their advanced technology, equipment, products, solutions and the latest trends in hospital build, creating a platform for the coordinated development of the industry value chain engaging the government, the industry, education, researchers, users and finance.

Grab the opportunity for high-quality innovation  
and development, establish a better hospital build  
ecosystem, and create a core engine for the global  
hospital build market
