LETTER FROM EDITOR

السَّلَامُ عَلَيْكُمْ وَرَحْمَةُ اللَّهِ وَبَرَكَاتُهُ

Welcome to the fourth issue of our department newsletter! We are thrilled to have reached this milestone and to continue sharing the exciting stories, achievements, and updates from our department with all of you. It's been a wonderful journey so far, and we are grateful for the support we've received from our readers. Maintaining this publication has been a true team effort, and we hope to sustain the momentum in the issues ahead. Our goal remains to provide valuable insights and celebrate the hard work and innovation happening within our community.

In this issue, we're excited to share a range of stories, including the successful organization of ICOM, our biannual international conference. We are also proud to showcase remarkable projects by our students through final year project (FYP) and integrated design project (IDP). These projects not only reflect the hard work of our students but also demonstrate the incredible potential and future impact they hold.

We hope you find the content both informative and inspiring. We look forward to continuing to serve you with more news and stories in the future.
