FOREWORD

Chairman of ICFSE2024

Tn. Hj. Hasanul Basri Bin Abdullah

“

The theme for ICFSE 2024 encapsulates our mission to transcend traditional limitations and envision a future filled with endless possibilities especially in the ever challenging education sector.

”

In the name of Allah, the Most Beneficent and the Most Merciful. May peace, and blessings of Allah be upon you. Ahlan wasahlan and welcome to all participants and collaborators to ICFSE 2024.

It is with great pleasure and enthusiasm that we extend a warm welcome to each of you to the second edition of our esteemed conference, now elevated to an international level through our collaboration with Universitas Lambung Mangkurat (ULM), Indonesia.

Following the remarkable success of our inaugural event in 2022, we are excited to reconvene and embark on another journey of knowledge sharing in three main categories of research namely teaching & learning, innovation and management & administration.

The theme for ICFSE 2024, “Empowering Tomorrow: Fostering the Future Beyond Boundaries,” encapsulates our mission to transcend traditional limitations and envision a future filled with endless possibilities especially in the ever challenging education sector. In an era where the pace of change is unprecedented, our programme aims to empower academics, researchers, organisations, as well as students to harness the power of innovation, inclusivity, and sustainability.

We aspire for ICFSE 2024 to be a catalyst for impactful research and a hub for innovation in multi-disciplinary teaching and learning. We extend our heartfelt gratitude to all our collaborators and sponsors, whose support and dedication have been instrumental in making this conference possible.

The participation of Universiti Islam Selangor (UIS) as well as Albukhary International University (AIU) have enriched our program and enhanced the overall experience for all participants.

Lastly, we would like to congratulate the organising committee for their hard work and commitment in bringing this event to life despite of our packed academic calendar. May Allah bless your efforts by making this conference not only matches but surpasses the standards set by our first edition. Thank you for being part of this extraordinary experience. Together, let us pave the way for a sustainable and more innovative future.

Best regards,

Tn. Hj. Hasanul Basri Bin Abdullah
Chairman, ICFSE 2024
Dean, CFS IIUM

Through a diverse array of paper presentations in various fields of study, we aim to inspire all participants to think boldly and contribute to shaping a future that is both sustainable and dynamic.

FOREWORD

Programme Director of ICFSE2024
Ts. ChM. Dr. Noor Saadiah Binti Mohd Ali

“

This year, our theme “Empowering Tomorrow: Fostering the Future Beyond Boundaries,” captures the essence of our collective mission towards sustainable education, gathering passionate educators, innovative thinkers, and visionary leaders globally. Our goal is simple yet profound: to break down barriers and explore new, transformative ways of learning.

”

In the name of Allah swt., the Most Beneficent, the Most Merciful, and with blessings upon the Prophet Muhammad (PBUH). We express our gratitude to Allah swt. for His abundant blessings that have contributed to the success of the International Conference on Future and Sustainable Education (ICFSE) for 2024.

It is my great pleasure to welcome each of you to ICFSE 2024. This year, our theme “Empowering Tomorrow: Fostering the Future Beyond Boundaries,” captures the essence of our collective mission towards the sustainable education and gather all passionate educators, innovative thinkers, and visionary leaders from around the world. Our goal is simple yet profound: to break down barriers and explore new, transformative ways of learning.

Looking back, our previous conference of CFSE 2022, we were honoured to have 62 dedicated and passionate presenters.

It was a remarkable gathering that laid the foundation for innovative discussions and collaborative efforts in various field.

This year, we are excited to share that our reach has expanded significantly, with 116 participants joining us from both local and international institutions. The increased number of participants this year is a testament to the importance of our shared goals and the impact of our previous conferences.

I would like to extend my heartfelt thanks to all the speakers, panelists, and participants for their contributions and dedication. Your presence and active engagement are what make this conference a success. A special thank you to our organising committee, sponsors, and volunteers who have worked tirelessly to make this event possible.

As we come together to discuss and explore new horizons, I am reminded of the insightful statement; “Research is creating new knowledge. You don't have to be great to start, but you have to start to be great”.

This philosophy perfectly captures the essence of our work and this conference.

Every small step we take in research and education moves us closer to greatness, and it is through these efforts that we achieve significant progress in our field.

We wish all ICFSE 2024 participants an enjoyable gathering in Centre for Foundation Studies, Gambang Campus. Let us be inspired by the innovative approaches presented and commit to fostering the future of education beyond all boundaries.

Thank you, and we look forward to seeing all of you next year at the conference. InshaAllah.

”

“Research is creating new knowledge. You don't have to be great to start, but you have to start to be great”.

”

Best regards,

Ts. ChM. Dr. Noor Saadiah Mohd Ali
Programme Director of ICFSE 2024
