Preface

It is our great pleasure to present Advancement in ICT: Exploring Innovative Solutions (AdICT), Series 3/2025. This publication brings together diverse and forward-looking ideas in ICT, showcasing innovative approaches that not only address current challenges but also shape future opportunities. The contributions in this volume reflect the dedication, creativity and perseverance of KICT lecturers and students, whose hard work continues to push the boundaries of knowledge and application. Their commitment highlights the spirit of innovation that drives both academic inquiry and practical solutions in the ever-evolving field of ICT.

We would like to extend our sincere appreciation to all authors, reviewers, editors and the organising team for their invaluable efforts in making this series possible. It is our hope that this volume will serve as both an inspiration and a useful reference for scholars, students and professionals. By sharing these innovative perspectives and solutions, we aim to contribute meaningfully to the ongoing discourse in ICT, offering fresh insights and encouraging further exploration in advancing the discipline for the benefit of society.
