DEPARTMENT OF STANDARDS MALAYSIA

DEVELOPMENT OF MALAYSIAN STANDARDS

The **Department of Standards Malaysia** is the national standards and accreditation body of Malaysia.

The main function of the Department of Standards Malaysia is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefitting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

Malaysian Standards are developed through consensus by committees which comprise balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject at hand. The development of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 [Act 549]. Section 18A of the act stipulated that, all Malaysian Standards are owned by the Government of Malaysia and no part of a Malaysian Standard can be reproduced in any form without the written permission of the Director General.

Committee representation

The National Standards Committee on Halal (NSC 09) under whose authority this Malaysian Standard was developed, comprises representatives from the following organisations:

Consumer Front of Sabah
Department of Chemistry Malaysia
Department of Islamic Development Malaysia
Department of Standard Malaysia (Secretariat)
Department of Veterinary Services
Federal Agricultural Marketing Authority
Federation of Malaysian Manufacturers
Ministry of Health Malaysia (Food Safety and Quality Program)
Halal Development Corporation Berhad
Institute of Islamic Understanding Malaysia
International Islamic University Malaysia
Islamic Science University of Malaysia
Malaysia External Trade Development Corporation
Malaysian Agriculture Research and Development Institute
Ministry of Domestic Trade and Costs of Living
Ministry of Health Malaysia (Medical Device Authority)
Ministry of Health Malaysia (National Pharmaceutical Regulatory Agency)
Ministry of Investment, Trade and Industry
Ministry of Transport Malaysia (National Logistics Centre)
National Metrology Institute of Malaysia
Persatuan Makmal Akreditasi Malaysia
Persatuan Pengguna Islam Malaysia
Royal Malaysian Customs Department

The Technical Committee on Halal Conformity Assessment (NSC 09/TC 5) which supervised the development of this Malaysian Standard consists of representatives from the following organisations:

Department of Chemistry Malaysia
Department of Islamic Development Malaysia
Department of Standards Malaysia
Department of Standards Malaysia (Secretariat)
Halal Development Corporation Berhad
Institute Quality Malaysia
International Islamic University Malaysia (International Institute for Halal Research and Training)
Ministry of Domestic Trade and Cost of Living
Ministry of Health (Food Safety and Quality Programme)
Ministry of Health (National Pharmaceutical Regulatory Agency)
Ministry of Investment, Trade and Industry
National Metrology Institute of Malaysia
Persatuan Makmal Akreditasi Malaysia
Persatuan Pengguna Islam Malaysia
SIRIM QAS International Sdn Bhd
Universiti Malaya (UM Halal Research Centre)
Universiti Putra Malaysia (Institut Penyelidikan Produk Halal)
Universiti Sains Islam Malaysia (Institute of Fatwa and Halal)

MS 2809:2025

The Working Group on Chemical Test Method related to Halal (NSC 09/TC 5/WG 1) which developed this Malaysian Standard consists of representatives from the following organisations:

ALS Technichem (M) Sdn Bhd
Department of Chemistry Malaysia
Department of Islamic Development Malaysia
Department of Standards Malaysia
Department of Standards Malaysia (Secretariat)
Halal Development Corporation Berhad
Institut Kimia Malaysia
International Islamic University Malaysia (International Institute for Halal Research and Training)
Ministry of Health Malaysia (Food Safety and Quality Programme)
Ministry of Health Malaysia (National Centre for Food Safety)
National Metrology Institute of Malaysia
Persatuan Makmal Akreditasi Malaysia
Persatuan Pengguna Islam Malaysia
UNIPEQ Sdn Bhd

Co-opted members:

Ministry of Domestic Trade and Cost of Living
Universiti Putra Malaysia
Universiti Sultan Zainal Abidin

MS 2809:2025

Foreword

This Malaysian Standard was developed by the Working Group on Chemical Test Method Related to Halal (NSC 09/TC 5/WG 1) under the authority of the National Standards Halal (NSC 09).

Compliance with a Malaysian Standard does not of itself confer immunity from legal obligations.

MS 2809:2025
