Proceedings of 2010 International Conference on Behavioral, Cognitive and Psychological Sciences

Singapore, 26-28 February, 2010

Edited by
Prof. A.M. RAWANI
Prof. Houssain Kettani
IACSIT Editor, Zhang Ting

Dear Distinguished Delegates and Guests,

The Organizing Committee warmly welcomes our distinguished delegates and guests to The 2010 International Conference on Behavioral, Cognitive and Psychological Sciences (BCPS 2010), held in Singapore during February 26-28, 2010. The aim objective of BCPS 2010 is to provide a platform for researchers, engineers, academicians as well as industrial professionals from all over the world to present their research results and development activities in Behavioral, Cognitive and Psychological Sciences. This conference provides opportunities for the delegates to exchange new ideas and application experiences face to face, to establish business or research relations and to find global partners for future collaboration. The conference Program Committee is itself quite diverse and truly international, with membership from the Americas, Europe, Asia, Africa and Oceania.

This proceeding records the fully refereed papers presented at the conference. The main conference themes and tracks are Behavioral, Cognitive and Psychological Sciences. The conference aims to bring together researchers, scientists, chemists, biologists, engineers, and practitioners to exchange and share their experiences, new ideas, and research results about all aspects of the main conference themes and tracks and discuss the practical challenges encountered and the solutions adopted. The main goal of the event is to provide international scientific forums for exchange of new ideas in a number of fields that interact in-depth through discussions with their peers from around the world. Both inward research; core areas of Behavioral, Cognitive and Psychological Sciences and outward research; multi-disciplinary, inter-disciplinary, and applications will be covered during the event.

The conference has solicited and gathered scientific and technical research submissions related to all aspects of major conference themes and tracks. All the submitted papers in the proceeding have been peer reviewed by the reviewers drawn from the scientific and technical committee, external reviewers and editorial board depending on the subject matter of the paper. Reviewing and initial selection were undertaken electronically. After the rigorous peer-review process, the submitted papers were selected on the basis of originality, significance, and clarity for the purpose of the conference. The selected papers and additional late-breaking contributions to be presented as lectures will make an exiting technical program. The conference program is extremely rich, featuring high-impact presentations.

The high quality of the program, guaranteed by the presence of an unparalleled number of internationally recognized top experts, can be assessed when reading the contents of the program. The conference will therefore be a unique event, where attendees will be able to appreciate the latest results in their field of expertise, and to acquire additional knowledge in other fields. The program has been structured to favor interactions among attendees.
coming from many diverse horizons, scientifically, geographically, technically, from academia and from industry. Included in this will to favor interactions are social events at prestigious sites.

We would like to thank the program chairs, organization staff, and the members of the program committees for their work.

We are grateful to all those who have contributed to the success of BCPS 2010. We hope that all participants and other interested readers benefit scientifically from the proceedings and also find it stimulating in the process. Finally, we would like to wish you success in your scientific and technical presentations and social networking.

We hope you have a unique, rewarding and enjoyable week at BCPS 2010 in Singapore.

With our warmest regards,

The Organizing Committees
February 26-28, 2010
Singapore
The 2010 International Conference on Behavioral, Cognitive and Psychological Sciences

(BCPS 2010)

General Co-chairs

Dr. A.M. RAWANI - Professor, Dean, Department of Mechanical Engineering at National Institute of Technology (NIT), Raipur (India)
Dr. Prasanta Kumar Padhy, Department of Business Administration at Berhampur University (India)

Committees

Dr. Kin-yip ho, Swinburne University Of Technology, Australia
Dr. Douglas F. Johnson University of Florida, USA
Dr. POON Man Wai Carol Waseda Univeristy, Japan
Prof. Mike Cant University of South Africa, South Africa
Dr. Cheng Fang Hsu Shu Te University, Taiwan
Dr. Jeong Chun-phuoc Multimedia University Malaysia, Malaysia
Prof. Codruta Osoian Babeş-Bolyai University, Romania
Dr. Hamadullah University of Sindh, Pakistan
Prof. Michael Harshavardhan Bynipudi K L University, India
Dr. K.Thriveni Kumari Koneru Lakshmaiah University, India
Dr. Jose Antonio Hernandez Gonzalez Hidalgo State University, Mexico
Dr. Sasmit Patra Xavier Institute of Management, India
Prof. Mourad Mansour King Fahd University of Petroleum and Minerals, Saudi Arabia
Dr. Jun Huang Southwest University, China
Dr. Horng-Ji Lai National Chi-Nan University, Taiwan
Dr. Rungpat Roengpitya Mahidol University, Thailand
Prof. Kenneth Christie Royal Roads University, Canada
Content

Session 1  Behavioral, Cognitive and Psychological Sciences
1. A Research of Factors of Stopping the Hermann Grid Rotating, Right Declining, Down declining, and Proportion
   
   Hsiu Wen Wang, Shyh-Huei Hwang, C.F. Lee

2. SSA In the Indian context - A Supportive Programme of Inclusion for the Exceptional children.
   
   Swarnakumari ravichandran, Turin Martina amalraj

3. A Programme on Early Intervention of Developmentally delayed and at-risk infants-A critical analysis
   
   Swarnakumari Ravichandran, Turin Martina Amalraj

4. Depression and Socioeconomic Outcomes of Adolescents
   
   Zhi Su

5. The Design of Experiments for Hypothesis Testing: ESP as Informatics Model Extension
   
   Jiri Krajicek

6. The Development and Validation of Learning Motivation Inventory Through Using the ARCS Model
   
   Pai-Lu Wu, Chunn-Ying Lin, Sih-Han Huang, Tzu-Hui Yang, Ching-Hwa Tsai

7. Diagnostic Efficiency of BDI in a Clinical Setting: Comparison among Depression, Anxiety, and Psychosis Patients
   
   Hyun-ji Kim, Eun-Hee Park

   
   Noor Lide Abu Kassim, Nor Zatul-Iffa Ismail, Zamalia Mahmud

9. An Interpretive Exploration on Emotional Self-Regulation among Malaysian Academicians
   
   Haryani Haron, Sharifah Muzlia Syed Mustafa, Rose Alinda Alias

10. Training Mothers in Elaborative Conversational Style as an Event Unfolds
    
    Maedeh Aboutalebi, Karine Tahmassian

Session 2  Behavioral, Cognitive and Psychological Sciences
11. Sample Size Determination for Paired and Unpaired Study Designs of Screening Tests
    
    Selcen Yüksel, Ergun Karaagaoglu

12. The Use Of Intraclass Correlation Coefficient In Different Experimental Designs
    
    Can ateş, Derya öz tuna, Yasemin genç

    
    Derya Oztuna, Atilla Halil Elhan, Ayse Adile Kucukdeveci, Sehim Kutlay, Alan Tennant

14. Effects of Methadone Maintenance Treatment on Decision-Making Processes in...
Heroin-Abusers: A Cognitive Modeling Analysis

Arash Khodadadi, Amir Dezfoli, Pegah Fakhari, Hamed Ekhtiari

15. Item Bank Development to Assess Cognitive Impairment in Patients with Acquired Brain Injury

Atilla Halil Elhan, Derya Oztuna, Sehim Kutlay, Ayse Adile Kucukdeveci, Alan Tennant

16. The Influence of the Rotation Point Position and the Weight of Real-World Objects on the Mental Rotation Task’s Performance

Piotr Francuz

17. The Difference in Psychological Characteristics between Suicidal and Non-suicidal Attempt Inpatients with Depressive Disorders: Using MMPI-2

Keun-Hyang Kim, Seul-Ah Lee, Ji-Hye Park

18. Individual mechanisms of self-regulation: mobilization and prediction under conditions of high ambiguity

Ksenia Mazhirina, Olga Jafarova, Olga Pervushina

19. The Use of the Neurofeedback Technology in the Correction of Attention Disorders in AD/HD Risk Groups

Olga Lazareva, Ksenia Mazhirina, Olga Jafarova, Olga Grebneva, Mark Shtark

20. Stress tolerance assessment and stress management training using biofeedback

Olga Lazareva, Ksenia Mazhirina, Olga Jafarova, Olga Grebneva, Mark Shtark

Session 3 Behavioral, Cognitive and Psychological Sciences

21. Comparison of the Prognoses of Patients with Broca, Wernicke and Mixed Aphasia via Gulhane Aphasia Test (GAT)

Serdal Kenan Kose, Sevgi Yaman

22. Survey the Effective Factors of Stopping Hermann Grid

Hsiu-Wen Wang, Shyh-Huei Hwang, C.F. Lee

23. Relationship between Repressive Coping Style and Positive Illusion

Mi-young Oh, Chan-bin Park, Su-a Lee, Hyung-jung Kim, Young-gun Ko

24. The Mediation Effect of Somatization in the Relationship between Depression and Anxiety, and Insomnia

Eun-Seung Yu, ChanWoo Yoo, ChanBin Park, HyunJung Kim, YoungGun Ko

25. Relationship between Repressive Coping Style and Facial Asymmetry

Hyun-jung Kim, Ji-hye Park, Mi-young Oh, Young-gun Ko, Jin-young Kim

26. The Paradoxical Role of Optimism: Focusing on Depression in Parents of Children with Cancer

Gy-hye Sung, Young-gun Ko, Eun-seung Yu, Jong-heun Kim, Byung-kiu Park, Hyeon-jin Park

27. Eye movement and visual illusion perception in chronic schizophrenia

Kim Jeongju, Jung Woo Hyun

28. Visualizing Preference and Trust for Online Activities Via Multidimensional Proximity Scaling

Nasiroh Omar, Siti Z.Z. Abidin, Zamalia Mahmud, Hani Fuziah Abdul Rahman, Marshima Mohd. Rosli

29. Home and School Based Intervention Model for Thai Children with Attention Deficit

ix
Hyperactivity Disorder

Suwaree Rerkjaree

30. Functional Assessment of children born prematurely using the Pediatric Evaluation of Disability Inventory- A Cross Sectional Study

Sailakshmi Ganesan, U.V.Shenoy, C.V.Raghuveer, Asha Kamath, Unnikrishnan

Session 4  Behavioral, Cognitive and Psychological Sciences

31. Human Resources Management in India-Review and Avenue for Behavioral Research from Technology and Business

R.Hiremani Naik

32. The comparison of effectiveness between two couple therapies,CBCT and EFT on marriage satisfaction in infertile,male factor pairs.

Fariba Hassani

33. Psychological disorders as consequences of a failed learning process – a hypothesis

Janos Posfai

34. Disease related variables and psychological problems among chronically ill children in Malaysia

Ashiq Ali Shah and Azizah Othman

35. The Types of Perfectionism suggested by Sorotzkin: Validation and Extension

Sang-hee Jun, Woel-mee Park, Sang-yup Choo, Sung-moon Lim

36. Effect of Group Cognitive-Behavioral Therapy on Controlling Diabetes type I

Kianoush Hashemian Ph.d, Mohammad-Hadi Hadizadeh M.A

37. Signs of Existential I-Thou Communication in Luminous Matrimony

Seyed Mohammad Kalantarkousheh, Dr. Siti Aishah Hassan

38. Analysis of School Teachers’ Perceptions of Quality Enhancing Factors at Secondary Schools

Prof. Dr. M.A. Adeeb, Hafiz Amanullah, Muhammad Arshad

39. Volunteer Behaviour: A Study of Youth Expedition Projects on Civic Attitudes & Competence Skills

Lee Mah Ngee
