Conference on  
Challenges in Environmental  
Science & Engineering

12 - 16 OCTOBER 2014

PERSADA, JOHOR BAHRU, MALAYSIA

[www.cese-conference.org](http://www.cese-conference.org)

Organised by

Supported by

6 June, 2014

Dear Authors,

It is our pleasure to inform you that the below abstract submitted for CESE-2014 conference has been accepted for **Poster presentation** after peer review.

**Abstract reference number** : BIOI\_32  
**Abstract title** : A Fermentative Approach to Ameliorating Solid Waste Challenges within Food and Hospitality Industry  
**Authors** : Olorunnisola Kola Saheed, Parveen Jamal, Mohammed Ismail Abdul Karim, Md. Zahagir Alam and Suleyman Aremu Muyibi

Your paper has been recommended for publication in **Journal of Water Sustainability** journal after peer review. The journal will call for papers for the CESE-2014 Special Issue in October and you will be duly informed as soon as the announcement for the call has been made by the journal. The Special Issue will publish only papers that are presented at CESE-2014 by a registered participant. In view of this, please kindly reply to us by email ([zainul@ibd.utm.my](mailto:zainul@ibd.utm.my)) confirming that one of the authors will be presenting the paper at CESE-2014 (**before 25 July 2014**) as well as short biography of 150 words or less of the presenting author (**before 31 July 2014**).

Please kindly register for the conference early to enjoy the early-bird registration before 31 July 2014. For local participant, please make sure that Local Order would reach the organizer before 15 September 2014. Please kindly book your accommodation well in advance through the attached hotel booking form or any other accommodation on your own as there will be a lot of demand for the accommodation in Johor Bahru around October due to various social activities.

**SELAMAT DATANG KE MALAYSIA!**

Best regards,

Prof. Rahmalan Ahamad  
Organizing Chairman, CESE-2014
