

CONFERENCE TOPICS

- Manufacturing and production processes and system
- Flexible manufacturing
- Lean manufacturing
- Subtractive manufacturing
- Green Manufacturing
- Industrial engineering
- Operations management
- CIM
- CAD/CAE
- MEMS/NEMS
- Materials engineering
- Fatigue and fracture mechanics
- Renewable and sustainable energy
- Advanced composite materials
- Ceramic materials
- Materials for automotive, energy and environment
- Metallic materials
- Foundry and welding technology
- Smart and device materials
- Nano-materials
- Other relevant topics

IMPORTANT DATES

• Deadline for extended abstract submission	20 March 2014
• Acceptance of extended abstract	20 March 2014
• Deadline for full papers submission	20 April 2014

ABOUT IIUM

The International Islamic University Malaysia (IIUM) was established in 1983 by the Government of Malaysia and co-sponsored by a number of Muslim governments. The university currently serves as an institution of higher learning to cater local and international students from more than 90 countries.

The Kulliyyah of Engineering was established in 1994, and is currently offering Bachelor, Masters and PhD programs in Communications, Computer and Information, Aerospace, Automotive, Mechanical, Biotechnology, Mechatronics, Manufacturing and Materials Engineering.

ABOUT CONFERENCE

The Department of Manufacturing & Materials Engineering, Kulliyyah of Engineering of the International Islamic University Malaysia (IIUM) will be organizing the 2nd International Conference on Advances in Manufacturing and Materials Engineering (ICAMME 2014) on 23-25 September 2014. The research on the advances in manufacturing and materials engineering has been playing a vital role and has become indispensable for the growth of any nation. The main theme of the conference is 'Manufacturing and Materials: Cutting Edge Development for Quality of Human Life'. Therefore, this conference is expected to receive involvement from local and international participants from all over the world.

EXTENDED ABSTRACT SUBMISSION

The ICAMME organizer invites prospective authors to submit extended abstract related to the conference topics to icamme2014@gmail.com, which will be reviewed for acceptance.

The extended abstract should be the original work of the author (s) within 300 words which will be reviewed, and if accepted, the author (s) will be informed for full-length paper.

The names and affiliations of the authors should be written after the title. The name of the author presenting the paper should be underlined. The full-length paper (s) within four pages will be reviewed by the reviewers for presentation and publication.

Selected papers will be published in ISI indexed journal. Other papers will be published in Scopus indexed journal published by Transtech Publications.
