PREFACE

INTERNATIONAL CONFERENCE ON PROFESSIONAL ETHICS AND EDUCATION (ICEPEE'11)

FACULTY OF ENGINEERING INTERNATIONAL ISLAMIC UNIVERSITY MALAYSIA

The International Conference on Engineering Professional Ethics and Education (ICEPEE'11) organized by Faculty of Engineering, International Islamic University Malaysia (IIUM) will be held during 17th -19th of May 2011 at the Legend Hotel, Kuala Lumpur, Malaysia.

The main objective of organizing this congress is to provide an international technical forum for engineers, academicians, scientists and researchers to present results of ongoing research in the four different areas, which are the Biotechnology Engineering, multifaceted Mechatronics Engineering, Mechanical, Automotive and Aerospace Engineering and Engineering Ethics and Education. The primary focus of the conference is to create an effective medium for institutions and industries to share ideas and knowledge, exchange information, innovations and problem solving techniques. The organizers would like to thank all the invited speakers and participants for their contributions in making this conference a success and hence brought forth this valuable proceedings.

Deepest appreciation is to all faculty members of the Faculty of Engineering, International Islamic University Malaysia (IIUM) for their sincere cooperation in making the conference successful. Gratitude also goes to all parties who have lent their helping hands in realizing the meaningful event.
