First and foremost, I would like to extend my heartiest congratulations to College Islam Darul Ridzuan for successfully organizing the International Seminar on Islamic Civilization (ISCIS).

The State Government of Perak will always encourage activities that can enhance knowledge and studies. This seminar should be a platform for researchers and scholars to bring together their views, findings and opinions for free and independent discussion, as this is one of the most important aspects in building a great civilization. As a knowledge institution College Islam Darul Ridzuan should take opportunities to ensure that such seminars are organized more frequently.

There is no doubt that Islam has attained excellence in building a glorious civilization through its teachings which strongly advocate the basis of a civilized society. The unique aspect of Islamic civilization is that Islam emphasizes on the importance of balance between human and material development.

Muslims will continue to depict excellence if they strictly adhere to the authentic teaching values of Islam as enshrined in the Quran and Hadis in their various aspects of life, otherwise, there could be danger of fall and decline.

Lastly, I would like to express my sincere gratitude to everyone who has participated in organizing this seminar. I hope the knowledge and experiences shared in this seminar will be used for the development of civilization with Islam as its nucleus.

Y. A. B. DATO' SERI IR. MOHAMAD NIZAR BIN JAMALUDDIN

S.P.C.M.

Menteri Besar Perak Darul Ridzuan

It is my pleasure to welcome the presenters, participants and guests to the International Seminar On Islamic Civilization (ISCIS).

The seminar is organized in conjunction with the official opening of the new campus of College Islam Darul Ridzuan in Kuala Kangsar. This is also the first international seminar held by the college and it marks a new landmark for the Royal City of Kuala Kangsar. I am confident that this seminar will further distinguish College Islam Darul Ridzuan as an institution of knowledge.

The seminar aims to achieve some major objectives focusing on Islam as the Basis of the Future World Civilization as its theme. A seminar of this kind is propitious as it helps increase our understanding and awareness of the role of Islam in building a glorious civilization not only in the past, but for the present and the future. I am confident that the seminar will contribute to the general development of knowledge in all areas.

I hope the intellectual discourse will bring a wealth of practical knowledge and experience and I sincerely thank each and everyone of you for sharing your valuable time with us.

Y. BHG. PROF. DATUK DR. MOHAMMED YUSOFF HUSSAIN

PSD, P.M.P.

Rector's Kolej Islam Darul Ridzuan

First and foremost thanks to ALLAH for inculcating the Islamic faith, unity and brotherhood in us. Praise to Nabi Muhammad SAW., his family and followers who strictly follow the teachings of AL Quran and Sunnah in all their undertakings.

Knowledge and experience are two important weapons which we must acquire before we can preach and transmit Islamic teachings to society at large. To achieve this we have to avoid laziness and laxative attitudes, two weaknesses, which we often fall prey to. Our failure to ensure success in our vision and mission will bring about negative results in the long term.

The emergence of the Islamic International Seminar organized by the College Islam Darul Ridzuan for the first time stresses on the concept of knowledge excellence to achieve various objectives that have been outlined. It is hoped that this program will help to benefit all participants who value knowledge and unity.

I wish to express my thanks to the organizers for their untiring efforts in making this seminar a success and to all parties for their moral support, suggestions and constructive criticisms and contributions.

May ALLAH bless you all for your generous contributions.

ENCIK KAMARULAIL BIN SULAIMAN

Seminar Advisor's

Praise to Allah for with His blessings the International Seminar on Islam has become a reality. The strength and power of earlier generations under the leadership of Rasulullah (S.A.W.) created a great and glorious Islamic civilization.

However, today there is a need to bring back the glory of Islam that once its followers enjoyed. Two important weapons that every follower of Islam should have to bring back this glory are a high standard of sincerity and conscientiousness. In reality the whole world awaits the birth of a civilization that will bring a new lease of life and success to mankind.

I take this opportunity to express my heartfelt thanks to each and everyone for their support and cooperation in making this seminar a success. May Allah bless us all.
