

## INTRODUCTION

IC-ISME is part of the International Multi Conference on Education and Technology (IMCET) 2015 which is a maiden programme organized by Universiti Sains Islam Malaysia.

Universiti Sains Islam Malaysia (USIM) is an emerging Islamic university that is fully owned and funded by the Malaysian Government. Being the 12th Public Institution of Higher learning, it aims to spearhead knowledge and be the global reference centre for Islamic Science. USIM embraces a holistic approach towards the delivery of knowledge, which unites revelational sciences (Naqli knowledge) and the rational sciences (Aqli knowledge). USIM thus offers a unique model to Islamic Higher Education setting it apart from other Islamic universities worldwide. The integration of religious sciences together with the social and physical sciences in all its programmes provides a comprehensive understanding of current global problems and offers a fresh alternative in solving them.

## OBJECTIVES

- 1) To provide a platform for researchers to share research findings in education.
- 2) To share experience and generate ideas for improvement in the quality of medical education.
- 3) To explore the current trend in Islamic medical education.
- 4) To inculcate the culture of research and collaboration among scholars and researchers.

## TARGET AUDIENCE

- 1) Dean of medical, dental and health sciences school
