## Acknowledgement

First and foremost, we are most grateful to Allah the Almighty for His blessings which enabled us to successfully conduct the National E-cigarette Survey (NECS) 2016 and subsequently produce this report. The NECS 2016 was fully funded by the Ministry of Health Malaysia (Ref: IMR/P/21/2102/01/08/01/01 Jld 1 (145)). Therefore, we would like to record our utmost appreciation to the Director General of Health Malaysia for providing us this opportunity and his great support in the implementation of this survey. We would also like to thank him for his approval to publish this report.

Special thanks to the Deputy Director General of Health (Research and Technical Support) and the Director of Institute for Public Health, and his research teams; for their expert advice, guidance and support throughout the process of the survey.

We are also very grateful to the Department of Statistics Malaysia for their assistance especially in the sampling process and preparation of data collection.

Our utmost gratitude to the Rector of the International Islamic University Malaysia (IIUM) and her dedicated officers especially Dean and staff at the Research Management Centre in Gombak and Director, Research Management Centre, IIUM Kuantan Campus for the continuous support throughout the conduct of this research. We also would like to thank the Deans from the Kulliyah of Pharmacy, Kulliyah of Medicine and Kulliyah of Information, Communication and Technology for their understanding and assistance given.

Our acknowledgement also goes to all Zone Coordinators from the Universiti Sains Malaysia, Universiti Teknologi MARA, Universiti Malaysia Sabah, Universiti Malaysia Sarawak and Universiti Teknologi Malaysia, as well as their respective Deans who have been very supportive in mobilising resources during the preparation and execution of data collection. Our deepest appreciation goes to all field supervisors and data collectors who have assisted in the implementation of the survey; data entry personnel and especially to all respondents who contributed their valuable time to participate in this survey.

Last but not the least, we would like to express our appreciation to our research officers and assistants for their diligence, patience and hardwork, our beloved family members for their kind understanding and support and all others whom have been directly or indirectly involved with the NECS 2016.
