Identifying at-risk patients for sub-optimal beta-lactam exposure in critically ill patients with severe infections

Mohd-Ali, M.; Lim, J.; Roberts, J.; Roberts, J.

Critical Care
Volume 21, Issue 1, 21 November 2017, Article number 183

Abstract

[No abstract available]

Author keywords

Clinical trials, Anaesthesia, Pharmacokinetics, Pharmacodynamics, Risk assessment

Included keywords

Risk assessment, Anaesthesia, Pharmacokinetics, Pharmacodynamics, Clinical trials

Chemical and CAS Registry Numbers

Sodium, CAS number: 96436-06-2
