PREFACE BY THE CHIEF EDITOR

السلام عليكم ورحمة الله وبركاته

The first International Conference on Universal Design in Built Environment 2009 (ICUDBE2009) was held in 2nd and 3rd of December, Kulliyah of Architecture and Environmental Design, IIUM. This is the second International Conference on Universal Design in Built Environment 2011 (ICUDBE 2011), that was organized by KAED Universal Design Unit, International Islamic University Malaysia. We are very proud to say that this is the first time for ICUDBE 2011 is jointly organized with our smart partnership Department Standards Malaysia, Ministry of Science, Technology and Innovation (MOSTI), and we hope such cooperation and collaboration will be continued in future.

The objective of this conference is to provide a platform for discussion and share of knowledge with regards to the Universal Design, Heritage & Conservation, Sustainable Development and Built Environment. ICUDBE 2011 offers an opportunity for researchers, academicians, practitioners and research students to share their research findings, theoretical and empirical especially academicians and stakeholder to appreciate, and benefits from its contents. This proceeding will be divided into four sections i.e. Section 1 - Universal Design, Section 2 – Green Technology, Section 3 – Tourism and Built Environment and Section 4 – Heritage, Culture & Conservation.

Thank you
