

MCQs & OBAs In Obstetrics & Gynaecology The Leaked Questions

This book is a useful tool for building up knowledge for Medical undergraduate students in the field of obstetrics and gynecology as well as a way for students to familiarise themselves with the topics that are usually covered in an exam. It contains two types of questions which are multiple choice and one based answer questions provided with essential feedback and justifications to the answers.

Dr.Muna Kh Al kubaisi is an Assistant Professor and Clinical specialist practicing her carrier since 1996 with wide exposure to different communities in middle east and south-east Asia. She has a special interest in ANC. Professor Mokhtar Awang is a former HOD of O&G department (IIUM).The contributors are academic members of the medical department.
