A review on fisheries and conservation status of Asian horseshoe crabs
(2018) Biodiversity and Conservation, 27 (14), pp. 3573-3598.

Abstract

In the published article, in the Abstract (line 3) and the Introduction (line 13), the scientific name of *Tachypleus gigas* was incorrectly given as *Tapinauchenius gigas*. The correct generic name is *Tachypleus*, a genus of xiphosuran arthropods, whereas *Tapinauchenius* is a genus of an arachnid. We apologise for any confusion this error may have caused. © 2018, Springer Nature B.V.
