## LIST OF FIGURES

Figure 4. 1: Relationship between dharurat, hajaat and tahsinaats (their scope and importance).....	46
---	----

Figure 4. 2: Medicine is medicine. 'Islamic medicine' encompassed both modern/contemporary and alternative medicine. Note that any medical principles, practice or technology in keeping with the Islamic principles of <i>Tawheed</i> , <i>SHari'ah</i> and <i>Akhlaq</i> is Islamic. Any medical principles, practice or technology in conflict with these principles are non-Islamic be it modern or alternative medicine. [Adopted from Shahar MA, Idris MF, Che Mohamad CA and Razali ZA, "Classification for Islamization in Medicine: Review on 15 Years of Publications from Kulliyyah of Medicine". (Kuantan, Malaysia: the 2nd World Congress on Integration and Islamicisation, 2016). (unpublished)] .....	51
--	----

Figure 5. 1: High vs moderate vs low priorities issues which require islamisation .....	57
---	----

Figure 5. 2: The relationship between 'body of knowledge', 'practices in medicine' and 'concept in medicine' .....	59
--	----

## ABOUT THE AUTHORS

**Dr Mohammad Arif Shahar** graduated from International Islamic University Malaysia (IIUM) with Bachelor of Medicine and Bachelor of Surgery (MBBS) in 2005. He furthered his studies in Clinical Masters in the field of Internal Medicine at Universiti Kebangsaan Malaysia (UKM). In 2016, he completed his sub-specialty training in Endocrinology. Currently he serves as an Associate Professor at the Department of Internal Medicine and Coordinator for Islamisation of Human Knowledge (IOHK) at the Kulliyah of Medicine, IIUM.

**Dr Mohd Faiz Md Tahir** graduated from International Islamic University Malaysia (IIUM) with Bachelor of Medicine and Bachelor of Surgery (MBBS) in 2003. He pursued his studies in the field of Psychiatry at Universiti Kebangsaan Malaysia (UKM) and obtained his Clinical Masters (DrPsych) in 2014. Currently he serves as an Assistant Professor at the Department of Psychiatry at the Kulliyah of Medicine, IIUM.

## About the Book

*"The manual promises an even brighter future for the (Islamisation of Medical Knowledge) project by empowering all teachers to handle conceptual, practical, and pedagogical challenges with confidence. It also is an inspiration to them to expand the basic concepts of the manual into their respective areas of specialization."*

**Professor Dr Omar Hasan Kasule Sr.**

Riyadh, Kingdom of Saudi Arabia

\*\*\*

*"Overall, a good and useful document for Muslim practitioners and all "curious" people."*

**Prof. Emeritus Dato' Dr Md Tahir Azhar**

Kuala Lumpur, Malaysia

ISBN 978-967-16558-0-1
