IIUM is repositioning itself in this initial duration of 2019 - 2020 and the 17 Sustainable Development Goals (SDGs) of the United Nation (UN) will serve as a guide to all activities undertaken by the Kulliyyahs. Aligning with this new direction, AIKOL has taken initiative to introduce these strategic efforts through Kulliyyah’s programmes and activities with IIUM community and community in Gombak. Recently, a briefing has been conducted among its members during the department meetings (ILD and LPD) on 3rd May 2019. The members were briefed by the project leader (Prof. Dr. Nora Abdul Hak) on the aspirations of the University and efforts, target and measures that have been put in place by all quarters in IIUM. Also, the goals and targets of AIKOL were explained. In the effort to partly achieve the goals, AIKOL has proposed to the university a flagship programme known as ‘Peace and Justice in the Community’. Dr. Nora proceeded to brief all members on the flagship programme, its aim and objectives including the essence of the projects to be undertaken and how AIKOL members can contribute. It is hoped that the flagship will run smoothly in the future and all the targeted SDGs are achieved.

GENERAL DESCRIPTION

• AIKOL flagship focuses on the promotion of family and community’s peace and harmony, which is under SDG 16 (peace & justice).

• This is achieved by ensuring and promoting equal access to justice through legal awareness activities and advisory services on a wide range of legal issues impacting families and communities.

• The main beneficiaries are those in the lower and middle income bracket, the vulnerable sectors of the society including single mother, children and the elderly.

• AIKOL flagship is also about empowering the community through mediation where capacity building of the community leaders on dispute resolution skills.

• We will train the community leaders in Gombak with mediation skills to empower them in resolving the disputes arising within their community amicably so as to preserve harmony and peace.

• The training will be conducted based on the specialised training manual developed under this project that is designed taking into account the skills necessary to resolve the disputes that arises within the community.

• This flagship project can provide AIKOL staff and students the platform to share their expertise with the community and can contribute towards promoting a peaceful and harmonious community.

• It is hoped that our flagship will run smoothly as planned and all the targeted SDGs are achieved.
