Dear Dr Khairil Azmin,

Thank you for your fast reply and the support for this programme.

To answer your question, the other speaker which would be alongside with you is Prof Nik Ahmad Kamal.

I have also attached the itineraries that we have planned out for the day for your convenience.

Based on my discussion with the other committees, this programme would be a semi-formal one.

We would have a moderator, Syairazie Kasyfi who would start by introducing the speakers and later, begin on asking out some of the questions before opening it to the floor.

Most of the time, you and Prof Nik would be answering questions put forth by them and perhaps share your perspectives on the said topic.

For now, we've already inquire one of FLAIRSOC representatives on what they are anticipating from this session.

Would you require me to send to you a set of questions that they probably plan on asking the speakers on that day?

Dear Nurfarah

Thank you for your kind message. Yes, it will be really helpful if I can have the questions. Insyallah if I have the time, I will prepare some slides/PowerPoint Presentation.

Also, As I have mentioned during our conversation in WhatsApp, there are a few postgraduate students doing PhD and master would like to attend the talk. Not many, less than 10 students if it is alright.

Look forward to your reply.

Thanks

Best regards
