Points of Talk

Social Implications of the Epidemic, Social Distancing and the “New Norm”

Lesser people on the road and the flocking of people in the cyberspace – attractive hunting ground for cyber criminals.

More online transactions: a better chance to hide illegitimate and fraudulent transactions

More activities on social media – a perfect platform for launching phishing attacks.

Rise of emotions and curiosity – a cause for disinformation

**AUGMENTED
REALITY**

BIG DATA

WI-FI

PRIVACY

SECURITY

DIGITALISATION

LITERACY

Issue #1: Identities and Identification

Need to identify all the participants in the remote T&L

Need to identify any 3rd Party involved and their roles

Need to protect personal data of people involved

Precaution on children protection laws

Issue #2: Materials and Properties

Identify who owns the materials?

Do's and the Don'ts of property right

Define the scope of Licenses

Specific issues of IPR: Copyright, Trade Mark, Patent, Confidential Info

Classify data & information

Issue #3: Terms of Use of Remote Learning

Design clear Term of Use

Acceptable Use Policy

Privacy and Security of Platform

Dispute Resolution

Jurisdictional Issues

NECESSARY TO CHECK THE APPLICABILITY OF SEVERAL LAWS:

- Education in general (Law No. 20/2003 UUSPN)
- Contract in general (KUHPerdata)
- Electronic Transactions (Law No. 11/2008 UU-ITE)
- Offensive Content (Law No. 11/2008; Law No. 44/2008 UUP; KUHP)
- Consumer Protection (Law No. 8 /1999 UUPK)
- Intellectual Property (Law No. 28/2014 UUHC; Law No. 15/2001 UUM)
- Personal Data Protection (Law No. 11/2008; PDP Law*)

Conclusion: Manage your Legal Risks
