Solid State Science and Technology is a refereed journal of Malaysian Solid State Science and Technology Society. The journal is published twice a year in June and December.

It provides a forum of communication for solid state scientists, material scientists, technologists and engineers and to promote the advancement and dissemination of knowledge related to science and technology of solid state.

The journal will accept original research papers, letters, review articles and research notes from the national and international communities. Manuscripts submitted are evaluated by the editorial board and at least one independent referee.

The journal is indexed and abstracted in Chemical Abstracts, MyJurnal and Google Scholar.
