INTERNATIONAL CONFERENCE ON FAMILY LAW, FAMILY JUSTICE AND MAQASID AL-SHARI'AH 2021

Conclusion

The rights of children are violated due to poverty, ignorance, lack of social consciousness and discrimination. The laws and policies regarding child labour, physical punishment, violence against girls, sexual exploitation, imprisonment of children with adults, trafficking, child marriage, and other aspects of child protection are routinely violated. In most cases, people are not aware of the laws and take these violence as common matters.
