FOREWORD

Alhamdulillah, praise be to Allah SWT, who has granted us all of His will and pleasure to carry out the International Conference on Contemporary Islamic Studies (ICIS 2021), with the theme "Empowering Contemporary Islamic Studies Pioneering in IR 4.0." Salutations and greetings to the great esteemed Prophet Muhammad SAW, as well as to the companions and aulia' who have preceded Islam's struggle to this day.

First and foremost, please allow me to express my heartfelt appreciation and gratitude to YAB Tan Sri Dato Haji Muhyiddin Bin Haji Mohd Yassin, Prime Minister of Malaysia, for his willingness to attend virtually and officiate the ICIS201 Conference. YAB Tan Sri, who represents the organizers, means a lot to the entire UiTM community, as well as to us and the attendees. I would also like to express my heartfelt gratitude and congratulations to the Academy of Contemporary Islamic Studies (ACIS) UiTM—the organizers of this international conference that have worked tirelessly to ensure its success.

Contemporary Islam reflects Malaysian Muslims' pluralistic background based on essential elements such as time, era, technological change, environment, climate, social, culture, thoughts, and tastes of society as a factor of legal variables Fiqh. Thus, this hope will be realized through the goal of establishing the Academy of Contemporary Islamic Studies (ACIS), formerly known as the Center for Islamic Thought and Understanding (CITU), as a complementary unit to the overall academic structure at Universiti Teknologi Mara (UiTM).

The presence of ACIS at UiTM today is consistent with the university's mission and vision of producing pious and noble Bumiputera professionals. Graduates who are holistic and balanced spiritually and physically can lead a plural society and have a high potential to lead the country's development. ACIS plays a role in ensuring that UiTM's mission and vision of producing Bumiputera professionals who are competitive in the modern world and

Today's world has witnessed more and more advanced technology, and more and more new things have arisen involving legal problems that never arose during the time of the scholars of the past, and no legal answer to these problems can be found in the treasures of the works of the past jurists. The changes in our living environment are among the factors that give rise to many new problems, the solutions to which are not explicitly mentioned in the Qur'an and Sunnah and necessitate the wisdom of jurists to make ijtihad in order to find legal answers.

Many contemporary scholars believe that current jurisprudence is based on localities such as Malaysia Fiqh, Fiqh Malay World, etc. This scenario is because most of the laws found in previous works are based on fiqh, which is supported by current ijtiḥād by mujtahids in the Middle East based on the values that exist in the Arab nation. Problems involving current scientific and technological developments and lifestyle changes necessitate new ijtiḥād by contemporary legal scholars. UiTM pioneered Islamic finance through ACIS, and halal management is an area that cannot be overlooked in meeting the industry's needs.

For example, in the Industrial era 4.0, all muamalat transactions take place in the virtual world, the Islamic banking industry follows traditional patterns, the definition of *riba*, the *takaful* industry, free trade in the financial world, foreign exchange, gold and commodity trading, bitcoin currency, blockchain, stock exchange, product diversification in current Islamic banking necessitates *ijtihad* by contemporary scholars.

Last but not least, it is my sincere hope that the outpouring of knowledge presented to the public, debates, the proliferation of thoughtful ideas, and the discovery of valuable new ideas can be applied through ICIS 2021 while also providing significant benefits to all Muslims and accelerating the transformation of Islamic development in Malaysia, particularly in the face of the IR 4.0 era. Finally, once again a word of appreciation and congratulations to the Academy of Contemporary Islamic Studies (ACIS), all sponsors and collaborative partners for the successful organization of the International Conference on Contemporary Islamic Studies (ICIS 2021).

PROFESSOR TS. DR HAJAH ROZIAH MOHD JANOR
