

WELCOME TO THE INTERNATIONAL SEMINAR ON NATURAL PRODUCTS MEDICINE (ISNPM) 2018

The organizing committee invites you to participate in the International Seminar on Natural Product Medicines (ISNPM2018) which will be held in October 4-5, 2018 in Bandung, West Java, Indonesia. The seminar covers all topics on current research finding and application of natural product medicines. The use of natural product medicine has emerged from traditional to modern therapy in order to increase the quality of health worldwide. To prove pharmacological effects of medicinal plants and to further develop the rational use of herbal medicines, scientific approaches are essential. The development of sciences and technologies have highly supported the research on natural product medicines in all aspects. Recent findings from research in natural product medicines will be a major focus in this seminar. Furthermore, there will be an interesting sharing of experiences and knowledge on how to develop and practice some well-known traditional medicines such as Traditional Chinese Medicine (TCM), ayurveda and jamu.

Congratulations! You have been registered for ISNPM 2018.
