## Reviewers' comments

Thank you for choosing me as a reviewer for the paper entitled (Exploring the Financial System of Madrasas in Gujarat with Focus on Sources of Funds and Its Utilizations). I feel this is an interesting topic. I suggest Accepted with the following corrections:

- 1) Expand your introduction. The introduction: The author(s) must introduce the drastic amendments to the introduction, so you have to rewrite it highlighting the significance of your study, why we need it, the research gap on which the research is based, important findings, and study framing.
- 1) The Abstract too long please make it short and at the point. The abstract should fully and clearly express the goal, subject of matter, methods and conclusions.
- 2) I recommend to cite more recent literature review (2019 and 2020)
- 3) Conclusion part: In this section, I would recommend to express clearly the contributions in different fields, academic and managerial.
