

# THE LANCET Neurology

## Supplementary appendix

This appendix formed part of the original submission. We post it as supplied by the authors.

Supplement to: Mok KY, et al. East Asian Parkinson Disease Genomics Consortium.  
*Lancet Neurol* 2021; **20**: 982.

## Supplementary

### East Asian Parkinson Disease Genomics Consortium (IPDGC Asia) members by cities

#### Changsha – Xiangya Hospital

1. Ji-Feng Guo, MD. Department of Neurology, Xiangya Hospital, Central South University, Changsha, China.; Center for Medical Genetics, School of Life Sciences, Central South University, Changsha, China.; National Clinical Research Center for Geriatric Disorders, Central South University, Changsha, China.
2. Bei-Sha Tang, MD. Department of Neurology, Xiangya Hospital, Central South University, Changsha, China.; Center for Medical Genetics, School of Life Sciences, Central South University, Changsha, China.; National Clinical Research Center for Geriatric Disorders, Central South University, Changsha, China.

#### Chengdu – West China Hospital

1. Huifeng Shang, MD. Department of Neurology, Laboratory of Neurodegenerative Disorders, National Clinical Research Center for Geriatrics, West China Hospital of Sichuan University, Chengdu, China.
2. Chunyu Li, MD. Department of Neurology, Laboratory of Neurodegenerative Disorders, National Clinical Research Center for Geriatrics, West China Hospital of Sichuan University, Chengdu, China.

#### Hanoi – Hanoi Medical University Group

1. Huong Thi Thanh Nguyen, MD, PhD. Dinh Tien Hoang Institute of Medicine.; Physiology Department, Hanoi Medical University, Hanoi, Vietnam.
2. Thi Thanh Huyen Vu, MD, PhD. Scientific Research Department, National Geriatric Hospital, Hanoi, Vietnam.
3. Anh Tuan Nguyen, MD, PhD. Neurology Department, Neurosurgical Centre, Vietduc University Hospital, Hanoi, Vietnam.

#### Hong Kong – Hong Kong University of Science and Technology

1. Nancy Y Ip, PhD. Division of Life Science, State Key Laboratory of Molecular Neuroscience, Molecular Neuroscience Center, The Hong Kong University of Science and Technology, Clear Water Bay, Kowloon, Hong Kong, China; Hong Kong Center for Neurodegenerative Diseases, Hong Kong Science Park, Hong Kong, China.
2. Amy KY Fu, PhD. Division of Life Science, State Key Laboratory of Molecular Neuroscience, Molecular Neuroscience Center, The Hong Kong University of Science and Technology, Clear Water Bay, Kowloon, Hong Kong, China; Hong Kong Center for Neurodegenerative Diseases, Hong Kong Science Park, Hong Kong, China.

3. Fanny CF Ip, PhD. Division of Life Science, State Key Laboratory of Molecular Neuroscience, Molecular Neuroscience Center, The Hong Kong University of Science and Technology, Clear Water Bay, Kowloon, Hong Kong, China; Hong Kong Center for Neurodegenerative Diseases, Hong Kong Science Park, Hong Kong, China.
4. Xiaopu Zhou, PhD. Division of Life Science, State Key Laboratory of Molecular Neuroscience, Molecular Neuroscience Center, The Hong Kong University of Science and Technology, Clear Water Bay, Kowloon, Hong Kong, China; Hong Kong Center for Neurodegenerative Diseases, Hong Kong Science Park, Hong Kong, China.
5. Han Cao. Division of Life Science, State Key Laboratory of Molecular Neuroscience, Molecular Neuroscience Center, The Hong Kong University of Science and Technology, Hong Kong, China.
6. Kin Ying Mok, FRCP(E), PhD. Division of Life Science, State Key Laboratory of Molecular Neuroscience, Molecular Neuroscience Center, The Hong Kong University of Science and Technology, Clear Water Bay, Kowloon, Hong Kong, China; Hong Kong Center for Neurodegenerative Diseases, Hong Kong Science Park, Hong Kong, China.
7. John Hardy, PhD. HKUST Jockey Club Institute for Advanced Study, The Hong Kong University of Science and Technology, Clear Water Bay, Kowloon, Hong Kong, China; Hong Kong Center for Neurodegenerative Diseases, Hong Kong Science Park, Hong Kong, China.

*Hong Kong – Queen Elizabeth Hospital*

1. Germaine Hiu Fai Chan, FHKCP. Division of Neurology, Department of Medicine, Queen Elizabeth Hospital, Hong Kong.
2. Nelson Yuk-Fai Cheung, FHKCP. Division of Neurology, Department of Medicine, Queen Elizabeth Hospital, Hong Kong.
3. Phillip Chan, FHKCP. Division of Neurology, Department of Medicine and Therapeutics, Queen Elizabeth Hospital, Hong Kong.
4. Wing-Chi Fong, FHKCP. Division of Neurology, Department of Medicine, Queen Elizabeth Hospital, Hong Kong.

*Kuala Lumpur - Universiti Kebangsaan (UKM) and International Islamic University Malaysia (IIUM) Group*

1. Norlinah Mohamed Ibrahim, MD. Department of Medicine, Faculty of Medicine, Universiti Kebangsaan, Kuala Lumpur, Malaysia.
2. Shahrul Azmin, MD, PhD. Department of Medicine, Universiti Kebangsaan Malaysia Medical Center, Bandar Tun Razak Cheras, 56000, Kuala Lumpur, Malaysia.
3. Nor Azian Abdul Murad, PhD. UKM Medical Molecular Biology Institute (UMBI), Jalan Ya'acob Latiff, Bandar Tun Razak, Cheras, 56000, Kuala Lumpur, Malaysia.
4. Siti Aishah Sulaiman, PhD. UKM Medical Molecular Biology Institute (UMBI), Jalan Ya'acob Latiff, Bandar Tun Razak, Cheras, 56000, Kuala Lumpur, Malaysia.
5. Siti Hajar Md Desa, Diploma of Nursing. Nursing Service Department. Chancellor Tuanku Muhriz Hospital, Universiti Kebangsaan Malaysia Medical Center, Bandar Tun Razak Cheras, 56000, Kuala Lumpur, Malaysia.
6. Wael Mohamed, MD, PhD. Department of BMS, Medical School, International Islamic University Malaysia (IIUM), Bandar Indera Mahkota Campus, Jalan Sultan Ahmad Shah, 25200, Kuantan, Pahang Darul Makmur.

London – University College London

1. Kin Ying Mok, FRCP(E), PhD. UK Dementia Research Institute at UCL and UCL Queen Square ION Department of Neurodegenerative Disease, Wing 1.2 Cruciform Building, Gower Street, London, United Kingdom WC1E 6AU.
2. John Hardy, PhD. UK Dementia Research Institute at UCL and UCL Queen Square ION Department of Neurodegenerative Disease, Wing 1.2 Cruciform Building, Gower Street, London, United Kingdom WC1E 6AU.

Perth – Murdoch University Group

1. Sulev Koks, MD, PhD. Perron Institute for Neurological and Translational Science, Perth, WA, Australia.; Centre for Molecular Medicine and Innovative Therapeutics, Murdoch University, Perth, WA, Australia.
2. Abigail Pfaff, PhD. Perron Institute for Neurological and Translational Science, Perth, WA, Australia.; Centre for Molecular Medicine and Innovative Therapeutics, Murdoch University, Perth, WA, Australia.
3. Lewis Singleton, MBMedSc. Perron Institute for Neurological and Translational Science, Perth, WA, Australia.

Seoul – Yonsei University Group

1. Yun Joong Kim, MD, PhD. Department of Neurology, Center for Neurodegenerative Disorders, Yongin Severance Hospital, Yonsei University College of Medicine, Yonsei University, Seoul, South Korea.
2. Seok Jong Chung, MD. Department of Neurology, Center for Neurodegenerative Disorders, Yongin Severance Hospital, Yonsei University College of Medicine, Yonsei University, Seoul, South Korea.
3. Seong-Min Choi, MD, PhD. Department of Neurology, Chonnam National University Medical School and Hospital, Chonnam National University, Gwangju, South Korea.

Shenzhen - Shenzhen Institute of Advanced Technology

1. Yu Chen, PhD. Chinese Academy of Sciences Key Laboratory of Brain Connectome and Manipulation, Shenzhen Key Laboratory of Translational Research for Brain Diseases, The Brain Cognition and Brain Disease Institute, Shenzhen Institute of Advanced Technology, Chinese Academy of Sciences; Shenzhen–Hong Kong Institute of Brain Science-Shenzhen Fundamental Research Institutions, Shenzhen, Guangdong, China.
2. Yüewen Chen, PhD. Chinese Academy of Sciences Key Laboratory of Brain Connectome and Manipulation, Shenzhen Key Laboratory of Translational Research for Brain Diseases, The Brain Cognition and Brain Disease Institute, Shenzhen Institute of Advanced Technology, Chinese Academy of Sciences; Shenzhen–Hong Kong Institute of Brain Science-Shenzhen Fundamental Research Institutions, Shenzhen, Guangdong, China.

3. Tao Ye, PhD. Chinese Academy of Sciences Key Laboratory of Brain Connectome and Manipulation, Shenzhen Key Laboratory of Translational Research for Brain Diseases, The Brain Cognition and Brain Disease Institute, Shenzhen Institute of Advanced Technology, Chinese Academy of Sciences; Shenzhen–Hong Kong Institute of Brain Science–Shenzhen Fundamental Research Institutions, Shenzhen, Guangdong, China.

Taipei – Chang Gung University

1. Yih-Ru Wu, MD. Department of Neurology, Chang Gung Memorial Hospital, Chang Gung University College of Medicine, Taipei, Taiwan.
2. Hsiu-Chuan Wu, MD, PhD. Department of Neurology, Chang Gung Memorial Hospital, Chang Gung University College of Medicine, Taipei, Taiwan.

Taipei – National Taiwan University Hospital Group

1. Ruey-Meei Wu, MD, PhD. Department of Neurology, National Taiwan University Hospital, College of Medicine, National Taiwan University, Taipei, Taiwan.
2. Chin-Hsein Lin, MD, PhD. Department of Neurology, National Taiwan University Hospital, College of Medicine, National Taiwan University, Taipei, Taiwan.
3. Yu-An Su, MS, Institute of Biotechnology, College of Bio-Resources and Agriculture, National Taiwan University, Taipei, Taiwan.
4. Mong-Hsun Tsai, Ph.D. Institute of Biotechnology, College of Bio-Resources and Agriculture, National Taiwan University, Taipei, Taiwan.

Tokyo – Jikei University Group

1. Tomotaka Shiraishi, MD.  
Department of Neurology, Jikei University School of Medicine, 3-25-8 Nishi-Shinbashi, Minato-ku, Tokyo, 105-8461, Japan.
2. Hidetomo Murakami, MD, PhD. Department of Neurology, Jikei University School of Medicine, 3-25-8 Nishi-Shinbashi, Minato-ku, Tokyo, 105-8461, Japan.
3. Renpei Sengoku, MD, PhD. Department of Neurology, Daisan Hospital, Jikei University School of Medicine, Tokyo, Japan, 4-11-1, Izumihoncyo, Komae-shi, Tokyo, 201-860, Japan.

Tokyo – Juntendo University - University of Tokyo group

1. Nobutaka Hattori, MD, PhD. Department of Neurology, Juntendo University School of Medicine, 2-1-1 Hongo, Bunkyo-ku, Tokyo 113-8421, Japan; Neurodegenerative Disorders Collaborative Laboratory, RIKEN Center for Brain Science, 2-1-Hirosawa, Wako-shi, Saitama 351-0198, Japan.
2. Manabu Funayama, PhD. Research Institute for Diseases of Old Age, Graduate School of Medicine, Juntendo University, Tokyo, Japan.
3. Tatsushi Toda, MD, PhD. Department of Neurology, Graduate School of Medicine, The University of Tokyo, Tokyo, Japan.

4. Wataru Satake, MD, PhD. Department of Neurology, Graduate School of Medicine, The University of Tokyo, Tokyo, Japan.
5. Kotaro Ogaki, MD, PhD. Department of Neurology, Juntendo University Urayasu Hospital, 2-1-1 Tomioka, Urayasu-shi, Chiba, 279-0021, Japan.
6. Kenya Nishioka, MD, PhD. Department of Neurology, Juntendo University School of Medicine, 2-1-1 Hongo, Bunkyo-ku, Tokyo 113-8421, Japan.

*Bethesda – National Institute on Aging, National Institutes of Health*

1. Andrew Singleton, PhD. Laboratory of Neurogenetics, National Institute on Aging, National Institutes of Health, Bethesda, MD 20892, USA; Center for Alzheimer's and Related Dementias, NIH, Bethesda, MD 20892, USA.
2. Mike Nalls, PhD. Laboratory of Neurogenetics, National Institute on Aging, National Institutes of Health, Bethesda, MD 20892, USA; and Data Tecnica International, Glen Echo, MD, USA; Center for Alzheimer's and Related Dementias, NIH, Bethesda, MD 20892, USA.
3. Cornelis Blauwendraat, PhD. Laboratory of Neurogenetics, National Institute on Aging, National Institutes of Health, Bethesda, MD 20892, USA; Center for Alzheimer's and Related Dementias, NIH, Bethesda, MD 20892, USA.
