Dear colleagues,

Just following up from our call yesterday. What we are hoping to do is just to organize an call along the lines of a brownbag lunch. The idea is to have a session for you to share your expertise on the budgeting system in Malaysia, what it is all about, the cycles, the methodology, roles, functions and more on a general level. National budgeting/Public Finance Management for dummies if you would like!

The session should be about an hour during lunch next week. If next week proves to be packed, we can shift it to the week after. I will leave it to you decide. Grateful as well if you can rope in Dr. Suhaiza as I do not have her email.

Looking forward to your valued expertise & forte in the subject matter.

Warm regards,

Maurice

Thank Maurice for your email.

As for me, the week starting 29/11 would be better for me. Dr Muslim and myself are conducting a training for an external agency next week until 25/11.

Regards.
