Rawad Abdulghafor:

We have reached a decision regarding your submission to International Journal on Perceptive and Cognitive Computing, "PREDICTING BREAST CANCER DIAGNOSIS USING MACHINE LEARNING".

Our decision is to ACCEPT your manuscript for publication in IJPCC. The comments of the reviewers who reviewed your manuscript are included at the foot of this letter. You need to make changes to your manuscript based on those comments before submitting the final version as before 9th December 2021 in order to have your paper published in this January issue.

However, NO CHANGES to the author list or the references will be permitted.

Finally, please improve the English grammar and check spelling, as it is only lightly edited before publication. Thank you for your fine contribution. On behalf of the Editors of IJPCC, we look forward to your continued contributions to IJPCC
