Dear Dr. ABDULLAH,

We are pleased to inform you that, based on the submitted abstract, your paper **“Doing Philosophy As an Approach to Enhance Thinking Skills Among Undergraduate Students”** has been accepted for presentation. You are now expected to participate and present at the forthcoming 15th International Council of Philosophical Inquiry with Children (ICPIC) Conference, which will be held from **18 to 20 July 2011 in Jinju, South Korea**. The conference is jointly organized by ICPIC and Gyeongsang National University.

The International Council of Philosophical Inquiry with Children (ICPIC) was organized in 1985 by philosophers and teachers interested in engaging children in philosophical inquiry. The objective of ICPIC is to strengthen communications among those in different parts of the world who are engaged in philosophical inquiry with children, in teacher education, in research and for school administrators looking to initiate and develop programs that would encourage children's philosophical thinking. Membership in the Council is open to all who support this objective.

The Conference will deal with the following themes: 1. Moral Education; 2. Multicultural Education; 3. Thinking Education. There will also be time allocated for a homage to two pivotal figures in the development of philosophy for children over the past four decades: Matthew Lipman and Ann Margaret Sharp.

Please check [www.icpic.org](http://www.icpic.org) for registration and lodging details.

Your participation in this conference will be a major asset to the promotion of philosophy for children. The Organizing Committee is at your disposal for any information related to this meeting (Ms. Melany Natividad at [mfrn89@yahoo.com](mailto:mfrn89@yahoo.com) or Mr. Arthur Wolf at [arthur.wolf@gmail.com](mailto:arthur.wolf@gmail.com)). We invite further contributions from you that you deem relevant to the meeting and associated website.

Thank you and we look forward to meeting you this July.

Yours sincerely,

**Dr. Jinwhan Park**

Vice President

International Council for Philosophical Inquiry with Children
